INTRODUCTION

Some of the material you will read in this book is still SECRET. Some of it is in the public domain. Various researchers are watching their own areas and recording down ritual sites, but I have not collaborated with any other researcher when writing this book, although their material would be welcome. I have had so many people to talk to, and so much material to process that I haven't spent much time trying to network with other researchers.

I have gotten the privilege to speak to many people who were witnesses to witchcraft ceremonies around the country. I had the privilege to speak with a man (now a Christian) who was on staff at Unity School in Kansas City, MO when Robert Schuller, the great protestant clergyman and 33° Mason came to Unity and participated in Luciferian rituals. I have had the privilege to know as a Christian sister, someone who had been on Elizabeth Clare Prophet's New Age CUT cult's staff. I had the privilege to speak with the young Christian man who saved two children from being sacrificed on a hill by a Satanic cult just north of Farmington. I had the privilege to speak to a man who went down into the tunnels under Salt Lake City's Mormon Temple where Satanic rituals are held. I also had the privilege to speak to three independent witnesses (who all became Christians) who were taken to Illuminati rituals under the new Lake Oswego, OR Mormon Temple. I've had the privilege to meet with a witness that knows that the Mormon Bishop's warehouses are being used to store cocaine. I've had the privilege to meet a lady who worked with the Catholic Institutions in Quebec who were providing children to the Illuminati for sacrifice. There have been a great host of witnesses who have shared information with me. There are an even greater host of witnesses to the horrible occult deeds that are going on all around us. Most of them are too terrified to talk, and when they do, they are too terrified to let anyone use their stories.

"For ye were sometimes darkness, but now are ye light in the Lord: walk as children of light: (For the fruit of the Spirit is in all goodness and righteousness and truth;) Proving what is acceptable unto the Lord. And have no fellowship with the unfruitful works of darkness, but rather reprove them. For it is a shame even to speak of those things which are done of them in secret." Ephesians 5:8-12

God's word in other places tells us repeatedly that He wants the evil of the world exposed, and the secrets of the world system exposed too. However, as Ephesians 5:12 warns there are limits to what is proper to discuss. It is the goal of this book to expose evil, in a way that will be spiritually healthy for the reader. This is why the first chapter of the book provides instructions and information on spiritual warfare. Whenever we find life is damaging our minds spiritually, we will do well to cleanse our minds with the Word of God.

During 1993, I decided to start a series of articles exposing witchcraft ritual sites around the United States. I also have been exposing witchcraft and satanic organizations for years. Finally in the summer of 1995, I realized that I had enough breathing space in my schedule, to take a few days and assemble all these scattered writings together into one cohesive whole.

Every part of this book has new updated information, it is not just a collection of what had previously been written by me. This is by no means all my material, but at least it's a start. No one as far as I know has tried to do something like this.

Critics will complain that there is no bibliography. Many of the sources for this book want to remain unknown for their own safety. I prefer to let the reader decide about this work on his own without providing my sources and endangering my sources. That is the privilege of a journalist. All journalists are accorded that right today, so this book is simply in step with what is common journalistic practice.

Once these books go out, all kinds of people may end up reading them. Those, who are not familiar with my previous writings, may not understand how Ritual Sites, Underground Installations, Trauma-based Mind Control and witchcraft go together. Permit me to give the bigger picture so that the interrelationship to these will be apparent.

The Illuminati work with, & through other groups. Freemasonry and the Oddfellows are two examples of occult organizations which the Illuminati controls and uses. All the intelligence groups are also controlled and used by the Illuminati. All of these groups carry out trauma-based mind control. They work together. They have also worked together at building numerous underground facilities around the country. Although we think of FEMA as being a government emergency organization, in reality, they are an Illuminati set up and controlled secret martial law government. When the reader reads about a cloning facility in Dreamland, NV he needs to be aware that I have visited with a number of survivors of Satanic programming who were programmed at Dreamland. One person, whose father was a Grand Master of the Illuminati, had their father give them a guided tour of the Dulce underground facility. The programming that the Illuminati is giving at Dreamland, (Area 51) in Nevada is Alien programming, to make people believe they are interacting with aliens. There have been actual UFO and UFO-like aircraft (for instance Stealth aircraft) at Dreamland. Witnesses who have flown on these govt. saucers have talked.

So why include Wiccan groups. Aren't Wiccans just harmless nature lovers? The occult world is like a deep lagoon. On the surface, everyone is nice; and the worst of mankind pretend that they are the nicest of people, but who knows what garbage, undercurrents, snakes, sharks and barracudas lie under the surface of the water? Some witches are really nice people not only on the surface, but in their private lives too. But some aren't. I know enough now that I know that anyone can lie, and I haven't found a witch yet who practices human sacrifice who will admit it. I have also come to realize that just because someone will publicly admit he practices witchcraft and magic, doesn't mean that the person doesn't have an evil side to him. Anton LaVey and Michael Aquino have both paraded their satanism publicly, and yet they both have been involved with Trauma-based mind control, human sacrifices, cannibalism, etc. Some of the witchcraft groups in this book are nasty and some are nice. They all depend on demonology. Some of the people who go to these groups are nice, and some are nasty. They are all serving demons. They are all abominations before their Creator, who wants their love and worship, but who has lovingly given these people the option to deny and reject His love.- May you the reader feel His love.

SPIRITUAL WARFARE & POWER STRUCTURES

THIS BOOK is an inhouse DIRECTORY for use by the Body of Christ.

CONFIDENTIAL INFORMATION FOR THOSE CONDUCTING SPIRITUAL WARFARE--THIS IS NOT PUBLIC INFORMATION--PERMISSION IS GIVEN TO READ THIS ONLY IF YOU ARE UNDER THE BLOOD OF JESUS CHRIST AND DESIRE TO USE THIS INFORMATION FOR GOD'S GLORY.

Praise is waiting You, O God, in Zion; And to You the vow shall be performed. O You who hear prayer, To You all flesh will come....As for our transgressions, You will provide atonement for them. Ps. 65:1-3

Prayer unites all of God's people worldwide. Mainland Chinese Christians lift up America in prayer. Americans lift up Mexico in prayer. Europeans lift up Africans in prayer. The Body of Christ is a spiritual body. Although a Spiritual body does not have unseemly parts like a physical body, there are certainly some parts that are more visible than other parts. There are internal parts and external parts. YHWH God's body is beautiful, especially the heart of it. And this bride is preparing herself for the Marriage Supper of the Lamb. The bride is adorning herself with righteousness.

"For though we walk in the flesh, we do not war according to the flesh. For the weapons of our warfare are not carnal but mighty in God **FOR PULLING DOWN STRONGHOLDS.**" 2 COR 10:4

If the Holy Spirit can use the following information on the enemy's ritual sites to provoke you to prayer and spiritual warfare, then please use this list. The areas that are listed could provide fuel for many prayers. Bear in mind, that our prayers apply the victory that Christ won to our situation or geographic area. Those who pray to clear a particular geographic area, need to bear in mind that getting rid of one set of demonic territorial spirits may simply allow other stronger spirits to take their place. The primary mission is to go into all the world and make disciples (not decisions--but disciples) for Christ.

Heavenly Father, the many sites listed in this article belong to you. May your Kingdom come on earth as it is in heaven. The enemy has no rightful claim to these sites. The earth YHWH is yours and the fullness thereof. Lord we are patiently waiting for you to righteously bring to ruin the evil forces on this planet. On the basis of Jesus' blood and in the name of Christ Jesus, who died for our sins and rose on the third day and mediates for us, we offer this prayer. Amen.

--A massive indoctrination of our young people is taking place. For the smallest children the day care centers are being used as sources for children for Satanic Ritual Abuse. Some of the day-care centers are giving the children Bible pages as toilet paper. Most of the pre-schoolers who are ritually abused have no choice and no protection to what happens to them. One favorite site to ritually abuse pre-schoolers is in churches. Sometimes the men abusing them are dressed in clergy garb. This type of thing destroys many preschoolers confidence in churches and clergymen. Most of the time, when parents do catch on and report to the police what is happening to their children they do not see anything of substance happen against the perpetrators. The police are uncaring enough at times simply to go to the day care centers and announce they have received a complaint of ritual abuse, and to simply ask the day care centers if its true. When children get old enough to watch T.V. they are drowned in Satanic cartoons, advertisements with Satanic messages, Satanic toys and books, and occult items all around their lives. As they get older, they are feed heavy doses of heavy metal music with Satanic messages. Witchcraft and the occult are the norm today in America. America's children are living with Satanism, and evil is being implanted in them. All moral values are being desecrated within the innocent children. They are being taught to hate themselves, and to devalue other people. Christians should be (but in general are not) in a spiritual war with the culture of America, and because the young people today are being totally indoctrinated by so much occult and satanic thinking, the spiritual battle is going to be more intense as this generation of young people who have been raised on Satanism from the day care center on up take over leadership positions in society.

This survey is not intended to be comprehensive, but a brief expose is better than the silence we have been getting. Some of the sites and groups that are being given are cloaked in the highest secrecy. I recently had a Christian in Paris, France go to the address where a French Wiccan journal called Bulletin Officiel de la

Wicca is put out to check out what was there. The address is only an apartment building, with no hint of any nefarious activity. This is also what would happen if I sent my reader out to various addresses of American witches. Many of the places from where Wiccans and Satanists operate look bland and inconspicuous. However, I have had ex-Satanists show me the secret signals that are set up to show people how to get to buildings used by Satanists. Some houses are painted special colors. Certain items and numbers are used as signals to show the route. Ritual sites in the country are also marked with secret direction symbols and signs.

YHWH God has set things up so that our free will is to some degree involved in whether demons come into our geographic territory and into us. For instance, when we lust we give permission for a Spirit of Lust to enter us. In the following list, you will find pagans, witches and Satanists included. The occult world has conferences where the heavy duty full-blown Satanists rub shoulders with the mere occultists. From what I know, I'd say it is impossible to know how benevolent a witch is from knowing what group they belong to, because these organizations are so infiltrated by Satanists and individuals are given total freedom by Wicca covens to explore whatever they want in the occult up to and including Satanism. Many witches and pagans may only practice white magic--that is magic for what they perceive is good. But they still call upon spirits; and these spirits who seem benevolent are in the final analysis still demons. If we are centered on Christ, and his Spirit exudes from our life, we may find that the demons leave our presence without the need for any verbal spiritual warfare.

In time of war, maps showing the enemy's positions are very important. Also important is a knowledge of how the enemy will use a certain area. The war we fight is spiritual. This spiritual also extends all over the physical plane. The war goes on in the high places, according to the Scriptures. Perhaps that is an offhand reference that other dimensions or even other planets may also be engaged in the struggle between Satan and God. But Satan (originally a brilliant powerful Cherub) was especially given domain over the earth even before his fall, so it appears that of any geographic location, the earth is the center of Satan's rebellion. Perhaps that is part of why all creation seems to be watching this planet, as Satan's tries to make something out of his rebellion against God.

One Bible principle is that if the heads of families don't provide for the welfare of their families, they have denied the faith. The head of the family should carry out the spiritual role of priest, prophet and king for his family. This relates to several important things. First, we take care of our own responsibilities first. Jesus came to Israel, so he took care of that mission first, and in humility left the non-Israelites for those who would come after him. If each of us will look to our own locality, and do indigenous evangelism, we will be blessed. Most American missionary activity is pride-based, and involves sending missionaries far off at great expense and great fanfare, while the neighborhoods and backyards of the Christians go unnoticed. Next, providing materially for our families is certainly vital, but which is more important the spiritual or material? Jesus said his food was to do the will of the father. When we recognize that providing spiritual food is more important than material food, we have really grown in our understanding of how we are to care for our families. What is the will of the Father for your local area? How can you be used of God like the 12 disciples (later the 12 apostles) were for their area?

This article is not for everyone. Pray and ask the Lord if it is something that will help you to serve the Lord in spiritual warfare. Although I mention spiritual warfare, that does not mean that I am attaching my personal stamp of approval on all that goes by that name.

EXPLAINING MORE ABOUT THE PURPOSE

Part of the purpose of this article is to expose. Hopefully, those who read this will be able to apply its information to their own area, and be more alert to where rituals are being carried out. Being aware of this may help Christians to expose Pastors who are leading double lives as a Satanist or as a Witch and then pretending to be Spirit-filled Christian ministers. It may also help protect Christians from stumbling onto ritual sites while a ritual is in progress which could result in an unexpected physical attack from the coven.

It is also worthwhile to use this article as a springboard to speak on spiritual warfare. The Lord knows what we have need of even before we ask. I have seen miracles happen of which God began the miraculous answering process before I asked! Now that is a miracle! Likewise God in His wisdom will protect His people with angels in situations where they need it even before they realize their need. But it doesn't hurt to ask. I view prayer as a chance to show God our dependence upon Him. Prayer is a form of worship. Prayer is the communication part of our relationship to our Creator. Those who engage in spiritual warfare are constantly

in prayer.

In regards to geographic areas, there are certainly evil demonic-controlled territories, where the Christian feels oppressed even going into. The demonic darkness hangs heavy like a cold, evil entity that is sucking anything good out of a person. When I lived in Tripoli, Libya for one summer (working with my father who worked for the U.N.), the demonic powers were oppressive. The place is a spiritual desert where the demonic powers suck out your spiritual vitality. Other moslem countries are this way too. When I have travelled in India, one can feel the demonic oppression that grips the nation (although there are some areas in India that are Christian. One entire state in India is regarded as Christian & their public schools teach Christian subjects.

We have gathered the locations of the various sites of false religion and occult centers and prayed for these areas here in Portland. We have engaged in breaking up the demonic geographic strongholds.

Christian communities perform a function that individuals do not generally perform. Christian communities reconcile the power structures that sit over a geographic area to Christ. Part of the church's mission is to reconcile everything to Christ. The Powers sit over geographic areas. The Satanists make oaths written in blood where they pledge allegiance to these geographic power structures called Powers along with giving allegiance to Satan and his demons. The Power structures are not demons--but take on a life-like character. They hover over a geographic area and influence what happens. They are like "school spirit", or what New Agers call a "collective consciousness", or what in German is called "Zeitgeist" or "Spirit of the Times". Another example that helps explain the Powers is "peer pressure". The Powers are like "peer pressure" on a larger scale. Christian communities create a good peer pressure. As people enter an area that has a power structure reconciled to Christ, they feel compelled to act in good ways and to do things in line with the power structure. Christians who have walked unannounced into groups of evil people may have noticed how just their presence was like a force field of good, which disturbed the negative power structure.

I believe, and have seen this confirmed first hand, and have had others tell similar things, that the power that goes with the Christian is far above the evil powers that reside in these occult places. I am not afraid to walk into a Buddhist temple or a Moslem mosque, or a Satanic hang-out. I do however recognize the evil powers, and demons that locate themselves in these areas. Knowing and respecting your enemy's power does not imply one has to fear these powers. Fear is a negative force that incapacitates. It would be almost as good for the Christian to be ignorant of the demonic forces, than for him to be informed and fearful.

Certain points on the earth are special places of intense "spiritual energy" that the non-Christian elements have discovered. The occult and Satanic groups are aware of these natural profound geographic spiritual vortexes. Mt. McKinley (also known as Mt. Denali) in Alaska is one major global occult power center. Sedonia, in central Arizona is another such vortex. It has a large red rock formation that reaches high above the ground into the sky. Now you can understand why thousands of people gathered there for the Harmonic Convergence in Aug. 1987, which was a New Age meeting to tap into the occult powers. Mt. Shasta in California is another vortex. Many strange occult things take place at Mt. Shasta. Many of the New Age leaders have gone there to receive messages from the Spiritual Hierarchy. There also happens to be a UFO base in the area. And many New Agers report meeting with "aliens" and UFOs in the Mt. Shasta area.

Zion National Park in southwestern Utah is an example of sacred power center which is land that the Indians have long considered sacred, and the white occult groups have found the area to their liking also.

Mt. Fuji in Japan is a foreign example of a sacred mountain. In fact, in Tibet a country totally taken over by the demonic hierarchy, the Tibetans believe each mountain has a spirit to be worshipped. In Nepal where I once lived I can still see in my memory the Stupas erected at each mountain to worship its spirit.

I don't profess to understand totally how occult geographic power centers work, but I do know that even if occult powers do sometimes work, Christians are forbidden to tap into such evil powers. Because the mission of the church is to reconcile all to Christ, the Christian should carry out spiritual warfare against such evil.

How does one wage spiritual warfare? There are several types of spiritual warfare, but the important thing is relationship with the Heavenly Father. Relationship is not a static thing, but something alive. It is not a formula. It is not being able to say certain rituals. It is not being able to find the right prayer to read. Although it is understandable that occasionally we will read or say something memorized to our loved ones, our relationships consist of more than just communication by reading to each other.

Our relationship with YHWH God is enhanced if we focus on the relationship. Prayer and fasting may be needed to remove some of the distance between us and YHWH God. That is why the disciples could not cast out certain demons. Their relationship with the Father in heaven was lacking. I believe that relationship with

the Father in heaven is the key to having His power and authority with us. I have had Christians who were not charismatics, who were not into speaking in tongues, healing etc. tell me that while they were doing evangelism and encountered witchcraft they won people to Christ by a miraculous use of one of the gifts of the Holy Spirit. From these types of reports which are numerous and worldwide, it can be seen that legitimate miracles of healing, and other gifts occur on the cutting edge of evangelism, and that any Christian who is sincerely working out in the fields of humanity and coming against demonic powers may find themselves supernaturally gifted. It is really absurd that Christians delegate to themselves the authority to tell God what He can and can't do. If God wants to give someone the gift of speaking in tongues that is His business. On the other, the Scriptures show that Satan can also give people the power to speak in tongues.

WHAT TYPE OF PEOPLE MAY USE THESE SITES

There are various groups and types of groups that could be mistaken for Satanic covens. Two different people I know of have each personally been to about 100 different Wicca (Witchcraft) covens in America. There are at least several thousand Wicca covens in the United States. However, in addition to Wicca covens there are various types of Satanic covens, O.T.O. temples (this organization is not covered in this article but Lord Willing will be covered later), and many other groups such as New Agers who also practice witchcraft. Secretly many of the various groups have contact with the Illuminati hierarchy. Many of the members of Wicca do not realize that their coven could have any possible connection with Satanism, and yet many of these covens are recruiting grounds for the Satanists. And many of the Wicca leaders are taking orders from the Illuminati on what they are to do on about a weekly basis.

I realize that numerous people involved in Wicca (witchcraft) would be upset to be thrown in with Satanists (who also practice witchcraft) in the same article. However, for the Christian doing spiritual warfare it is much the same thing. The Christian, who accidentally stumbles upon a Witchcraft ceremony and is shot at, is not going to care whether this was Hermetic magic or White magic. As far as which groups are most threatening to Christians, all of the groups mentioned in this report are. Witches pretend to be tolerant, but insiders know that the Wicca groups are intolerant of Christians and work to destroy Christianity just like the Satanists. In the Be Wise As Serpents book in chapter 2.12 "Comparing New Order Statements" the 8th page in discusses the papers that the 1981 Witches International Coven Council had drawn up. Study their objectives and the Christian will clearly see that Wicca is a threat to the personal and spiritual safety of Christians.

Much of the witchcraft in the U.S. has come from England. Thanks (or no thanks) to Britain, the mother country of both Satanism and Witchcraft, the American people have had the following types of witchcraft (called traditions) exported from Britain to here: Alexandrian, Algard, Gardnerian, Georgian, Kingstone, Majestic Covens, Majestic Order, Silver Crescent, Taran, and some others.

One of the primary types of Wicca covens are Gardnerian. In 1939, Gerald B. Gardner in New Forest, Isle of Man was initiated by a high priestess named Old Dorothy. The Gardnerian covens were modeled after the idea of a coven led by a priestess. Her witchcraft was from a tradition which was carried out by nine hereditary covens in England led by George Pickingill (1816-1909).

An article in a leading witchcraft magazine, Green Egg, which was the journal put out by the witchcraft Church of All Worlds (an umbrella group for witchcraft to network together with a nine-level hierarchy), is very revealing about the origin of modern wiccan groups! In an article written by Isaac Bonewits, a leading witch sitting on the Grande Druid Council, from Berkeley, CA in part 3 of a 3 part series, in Green Egg, Vol. IX, No. 79, (June 21, 1976) p. 7, "Somewhere between 1920 and 1925 in England a group of social scientists (probably folklorists) got together with some Golden Dawn Rosicrucians and a few Fam-Trad [generational Satanic families, the Illuminati] to produce the first modern covens in England; grabbing eclectically from any source they could find in order to try and reconstruct the shards of their Pagan past."

Isaac Bonawits is a Jewish genius with an I.Q. that is reported to be 205. He is a Satanist and extremely hostile to Christianity. He is on the Grande Druid Council and is in a position to approve contract killings. He has been applying his brains on implementing gun control, destroying the Christian churches, and eliminating the Christians. He knows the traditional Illuminati families. If anyone is wondering what type of person would be importing guillotines, this is the type. He also applied his brains towards putting the non-hereditary witches in their place, by his book Real Magic and his article "Witchcraft: Fact or Fancy?" The bottom line of this Grande Druid Council member is that it's O.K. for people to be witches, as long as they don't get big headed and think their non-traditional occult powers are something. According to Bonawits only

a few rich families kept the classical witchcraft alive during the Middle Ages, but that this was not a religious movement. He is correct--it was not a movement. Generational Satanism is not looking for new recruits, because the occult power is passed from one generation to the next in the bloodlines. Bonnewits tells us in his book the generational classical witches [Illuminati families] hid their witchcraft in the 18th century within Freemasonry & Rosicrucianism. Two good examples of this are: John Jacob Astor and Pierre Samuel duPont.

There is a great deal of networking between Wicca groups, Druids, etc. Many key people secretly tie back some way to the Satanic hierarchy, but on the surface there seems to be numerous isolated independent groups.

On the spring solstice of 1975, in northern California representatives of 40 covens in that area met to discuss a Covenant of the Goddess (COG), and in the summer 13 covens formally ratified the Covenant. However, in spite of these type of things, most of the Wicca groups appear (at least on the surface) to be independent and not in cooperation with other groups. The control may only be subtle, such as covens looking to spirit-guides to lead them and in this way sharing the same source of leadership.

If you encounter someone at these ritual sites the person might be anyone from a wide range of witchcraft, pagan and new age backgrounds. Some may have ties to the Satanic hierarchy and some may have no ties.

NATION HONEYCOMBED WITH RITUAL SITES

Throughout the United States, witches, shamans and satanists gather in secret to draw demonic powers from rituals. The Ascended Masters that the New Agers channel are the same kind of demons. Many of their ritual sites are chosen for both secrecy and potential "spiritual" power. In ancient times, the Israelites when they got right with God cleaned out the groves. Today, this nation is full of groves and idols that need to be destroyed.

In my loose survey of ritual sites, (and I make no pretense of trying to be comprehensive) I have chosen not to describe Hawaii and Puerto Rico although these islands are part of the United States. This is because of two reasons, geographically they are isolated from the mainland, and second the islands are simply given over to spiritism. Maui is a spiritual vortex, and the islands are simply thousands of sacred sites. To give a survey of sacred sites is almost like trying to point out which Caucasians are white. In Hawaii, you will hear of Kahunas and Minihunas. In Puerto Rico, one hears of brujahs and espiritistas.

The spiritual background, or backdrop to the stage as you might say, is an American nation that has been saturated with witchcraft to the point that it is now socially acceptable. This saturation has taken place in the media, schools, movies, restaurants and about every place Americans take themselves. Witchcraft was (and still is being) permeated into numerous variations, some of which are labelled with acceptable names such as motivation, will-power, positive thinking, visualization, and entertainment.

The Spirits of the American Indians and their vision quest rituals are an example of how witchcraft is being repackaged--it is hidden under the masquerade of being ancient native wisdom. In reality, the Indian spirits are just another door for Satan to seduce more people from the truth. The Hierarchy sees Indian shamanism as another marketable witchcraft. You will get a feel for the important role Indian sacred sites have as you read through these articles on ritual sites.

THE LAYERING OF SPIRITS

The power structures sitting over North America are controlled by the original American Indian spirits which have had other spirits layered over them. When Thomas Jefferson of the Illuminati built his Montecello he took into account the ancient indian structures of that area. When carrying out spiritual warfare against geographic areas, the Lord showed one Christian about the layering of demonic spirits over the land. Other Christians have also received the same understanding. Just as the Monarch Mind Control is layered in, the occult world has layered in spirits over a land. The original Indian paganism, in some areas was layered over with the Jesuit's religious spirits, which in turn was layered over with spirits of greed & violence from the settlers, and then on and on. This is why the Illuminati has spent so much time to get in touch with the Indian tribes & their spirits. When the Illuminati wanted to introduce African spirits into America, they went repeatedly to Africa for ceremonies, & then brought rock & roll music over to bring African spirits into Amer.

According to demonology, which is what those in the OTO, Black Magic and the Illuminati study, the demons are divided up into regular kingdom and principalities. Moloch is the chief of the army of Hell. Each country of the world has been placed under the aegis of a guardian. The U.S. is said to be under Astaroth (a Grand Duke Demon), Russia under Rimmon, England is under Mammon, and France Belphegor. Astaroth is very important in Satan's hierarchy, so the occult world sees the U.S. as a very critical nation for Satan. Under these Guardians would sit many lesser princes, dukes, presidents, marquises, counts, earls, knights, governors,

and prelates. The Christian may wonder what difference it makes what demon is in place and what his title is. Sometimes, during ceremonies the victim of Satanic rituals will be asked to accept in friends who are knights or presidents. As surprising as it may sound, Illuminati slaves are often not told what these "friends" are that they are accepting in. Deception is rampant in Satan's domain. To receive deliverance, they need to realize that these "friends" that they were told to accept in, are in reality demons.

AMERICA IS INFATUATED WITH MAGIC & RULED BY EVIL SPIRITS AND EVIL MEN

One doesn't have to go to a ritual site in America to meet the occult, a simple trip to a fast-food restaurant is often sufficient. For my talks, I show a Wendy's hamburger sack promoting witchcraft, I show a Burgerville placemat teaching your children how to hypnotize their parents, I show a Round Table Pizza cup with Merlin the Magician and a dragon blowing fire on ice (ice & fire have significance together for the occult), and the story about King Arthur is the Holy Grail legend which is the story that is being used to promote the idea that Jesus had children and that his descendants are alive today to lead us (in other words preparation for the AntiChrist's legitimization). If you doubt what I say about the King Arthur story read Holy Blood, Holy Grail--I warn you if you are not grounded in the Spirit you may come out believing Jesus had children and that his descendants are alive today in powerful positions ready to rule us. This pizza place also gives out to children "Merlin's Magic Book" to color with a box of free crayons. If you are like most Americans you are probably asking "so what?" which proves my point that Americans have been desensitized to the occult. If coloring books of the Apostles or Jesus were given out people, probably even most "Christians", would holler.

Our people are bombarded with out and out Satanic music but are so blinded by the evil spirits which rule this nation that many today deny that heavy metal music and rock and roll has anything to do with Satanism. Even the Beatles learned from Aleister Crowley (as most of you know-- he was a Satanist) about backward masking which was taught them in Crowley's book Magick and placed Aleister Crowley's picture on their album "Sergeant Pepper's Lonely Hearts Club Band". A person with real spiritual discernment who has heard the song "Imagine" by John Lennon promoting a one-world-government and socialism knows that the Beatles were part of the Satanic Hierarchy's program. And what American hasn't heard "Imagine", it was almost a ritual to play it every night over the radio in America? But could you convince most Christians that the Beatles had an intimate connection with the Illuminati and were simply the people chosen to carry out a mind control program designed by the Illuminati's Tavistock Institute? I doubt seriously that most people would care to listen that their idols were part of an evil system. The Satanists know what they are doing. Charles Manson knew what the Beatles were about. What I am driving at is that whether people realize it or not, life in America is becoming a life saturated by demons and witchcraft, so that an innocent trip to a restaurant is no longer an innocent trip but can be an experience with occult propaganda, occult music, etc. A trip to the supermarket is no longer a mere trip, but exposure to nude women on magazines and other materialistic baits to excite one's animal lusts. I believe Christians need to begin if they haven't already to practice spiritual warfare wherever they are in America. Remember that the Lord, "is a shield to those who put their trust in Him." Prov 30:5 We are not to take any part in these unfruitful works of darkness, but we are to expose them.

PEOPLE WHO TRY TO WARN ARE SILENCED

There have been a surprising number of people who have come out of Satanism who have tried to tell what is happening. We are talking about tens of thousands of witnesses who stories collaborate independently one another. But who will hear them? Many of them have been railroaded by the system into mental institutions and given shock treatments. How can this happen? Once you learn how powerful the Illuminati is, and how they have their psychiatrists and experts who can pronounce anything the Illuminati wants, and because they are experts who can disagree? I have heard the stories of so many people who have tried to warn the American people who were railroaded by the system into mental hospitals (torture cells would be more appropriate) that it makes me sick to think of what has happened across the board in America.

HUMBLE YOURSELF AMERICAN CHRISTIANS

Americans still like to think of their nation as the great Savior of the world. They like to look down on nations like Thailand where every house has a shrine to a demon, and yet their American president Reagan consulted the stars with his astrologer before planning his agenda, and these Americans are sitting watching MTV. It is time we quit calling this a Christian nation. We are to reconcile all things to Christ including the land. It's time we began destroying the idols in this nation.
